Interest

1 Purpose Why does the community exist?

2 Identity Who is this for and what is our selection process?

5 Experience What happens in our community on a recurring basis that helps us achieve our goals? Also consider onboarding: how does the experience in the community start?

3 Values Which three principles are important to us?

4 Success Definition In the next twelve month what are three metrics that will define success for us?

6 Roles What different roles can members play in our community?

7 Rules What guidelines and boundaries help us achieve our purpose and represent our values?

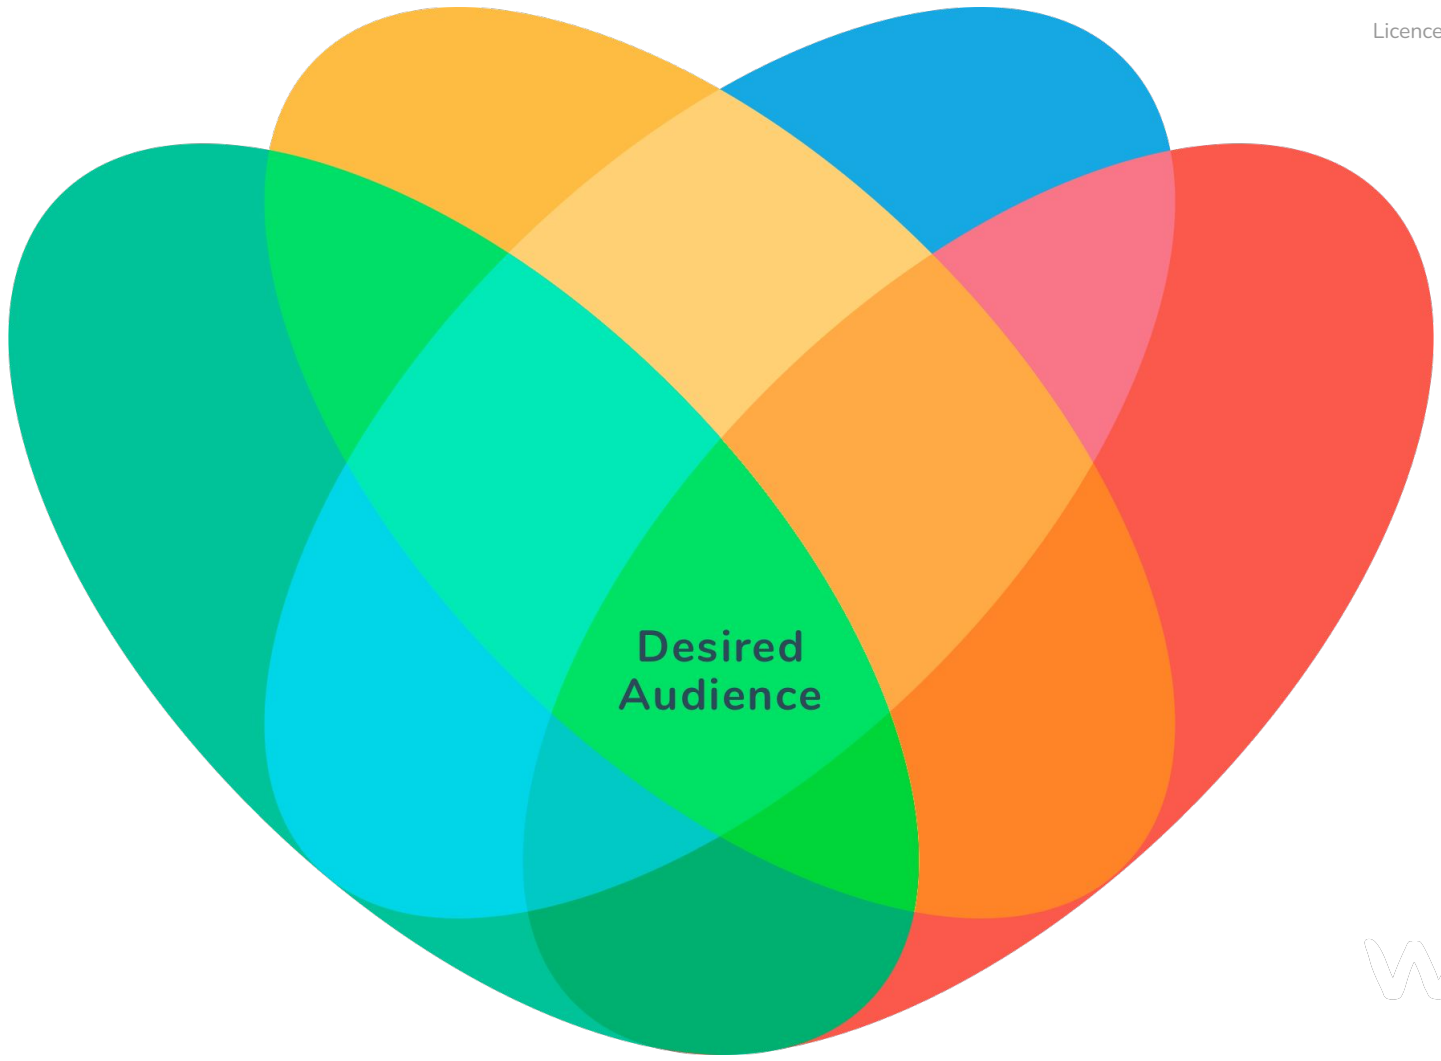

8 Governance How do we make decisions? Who gets to decide what?

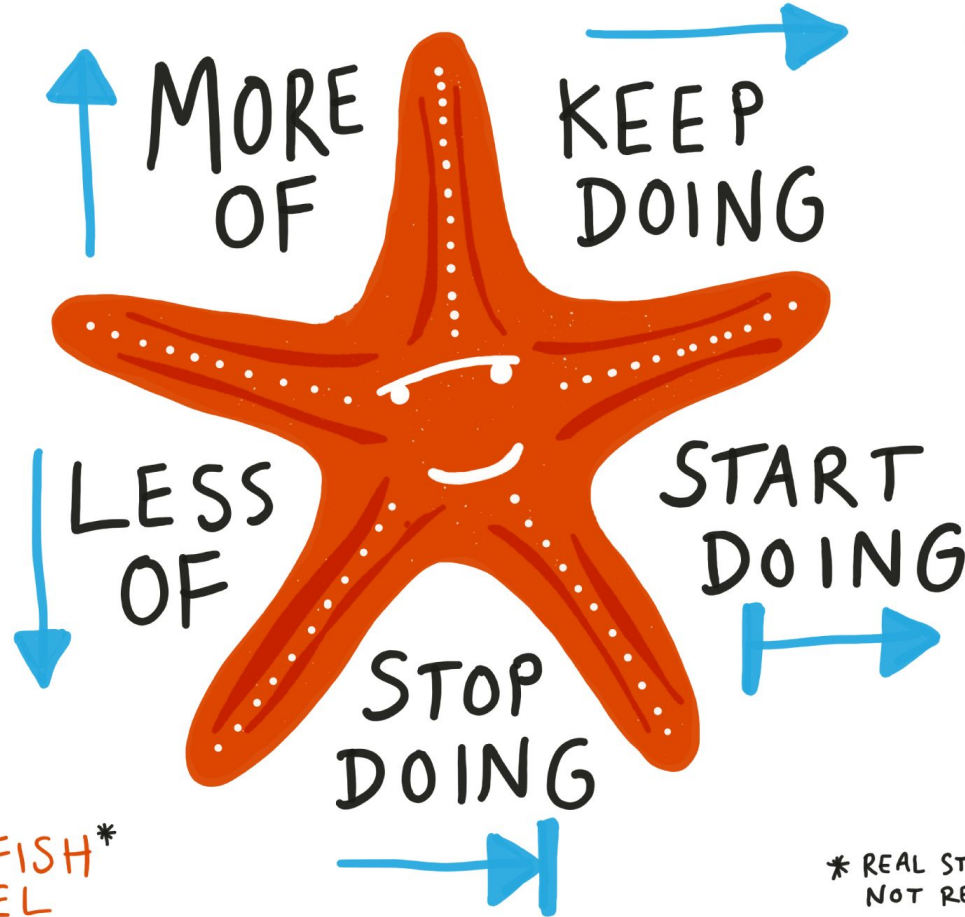

9 Communication What are the simplest channels for us to communicate?
